Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

Note:- The Investor's Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

Investors! Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers						

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges. who buys and sells the leading common stocks in the same proportion as they are graded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data.

2. The second part of the document outlines the procedures for reconciling the accounts. It states that the reconciliation should be performed at the end of each month, comparing the internal records with the bank statements to identify any discrepancies.

3. The third part of the document describes the process of budgeting. It suggests that a detailed budget should be created for each quarter, taking into account all expected income and expenses, to help in managing the organization's finances effectively.

4. The fourth part of the document discusses the role of the accounting department. It highlights the need for clear communication and collaboration between the accounting team and other departments to ensure that all financial transactions are properly recorded and reported.

5. The fifth part of the document provides a summary of the key findings and recommendations. It concludes that maintaining accurate records, performing regular reconciliations, and creating a detailed budget are essential for the financial health of the organization.

6. The sixth part of the document includes a list of references and sources used in the research. It also provides a list of appendices, which contain additional information and data related to the study.

7. The seventh part of the document is a conclusion. It summarizes the main points of the document and reiterates the importance of following the outlined procedures to ensure the accuracy and reliability of the financial records.

8. The eighth part of the document is a list of footnotes. These footnotes provide additional details and explanations for specific points mentioned in the main text, ensuring that the reader has a complete understanding of the information presented.

9. The ninth part of the document is a list of tables. These tables contain numerical data and calculations that support the findings and conclusions of the document. They are organized in a clear and concise manner to facilitate easy reference.

10. The tenth part of the document is a list of figures. These figures are visual representations of the data, such as charts and graphs, which help in understanding the trends and patterns in the financial data. They are also organized in a clear and concise manner for easy reference.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains and losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

* Revised Index Figures.

Note:- The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Revised Index Figures.

Note:— The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Revised Index Figures.

1. The first part of the document is a list of names and addresses. The names are written in a cursive hand, and the addresses are written in a more formal, printed hand. The list is organized into columns, with names in the first column and addresses in the second column.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Revised index figures.

NOTE: Index numbers of total value of stocks traded discontinued.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Revised index figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Revised index figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

INVESTORS' AND TRADERS' INDEX NUMBERS OF SECURITY PRICES
1926=100

"Investors'" and "Traders'" weighted index numbers of security prices, computed by the Dominion Bureau of Statistics on the base 1926=100, were as follows for the week ending April 7th.

The "Investors'" index of industrial common stocks was 59.0 for the week ending April 7th, as compared with 63.6 for the previous week.

The "Traders'" index of prices of the twenty-five best selling industrial and public utility common stocks on the Montreal and Toronto Exchanges was 333.7 for the week ending April 7th, as compared with 380.4 for the previous week.

The "Investors'" index of domestic utility common stocks was 49.8 for the week ending April 7th, as compared with 52.0 for the previous week.

The "Investors'" index of common stocks of companies located abroad in which Canadians are heavily interested was 45.8 for the week ending April 7th, as compared with 48.9 for the previous week.

The "Investors'" index for all three groups of common stocks combined was 53.5 for the week ending April 7th, as compared with 56.9 for the previous week.

Average weekly prices were lower for twenty-three, unchanged for one and higher for one of the twenty-five stocks included in the Traders' Index. Consolidated Mining and Smelting fell from \$64.0 to \$45.4, Ford "A" from \$15.10 to \$11.2, Brazilian from \$11.8 to \$10.7, Bell Telephone from \$106.1 to \$100.1, International Nickel from \$8.5 to \$7.7, C.P.R. from \$15.9 to \$14.7, Steel of Canada from \$22.0 to \$19.2, Quebec Power from \$17.8 to \$15.8, McColl-Frontenac Oil from \$9.3 to \$7.9 and Page-Hersey from \$56.6 to \$50.7.

Sales were higher for twenty-two and lower for three stocks. Consolidated Mining and Smelting mounted from 900 to 5,600, Bell Telephone from 700 to 2,400, Brazilian from 4,000 to 18,100, International Nickel from 7,700 to 16,900, C.P.R. from 5,400 to 10,300, Ford "A" from 1,700 to 5,400, Steel of Canada from 400 to 2,900, Quebec Power from 1,300 to 2,300, McColl-Frontenac Oil from 1,200 to 3,200, Dominion Textile from 30 to 400 and British Columbia Power "A" from 300 to 1,000.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who owns a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole, at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion they are traded in the market as a whole at the mathematical average price of the week who turns over his investments every week. Weekly figures.

1926=100

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

INVESTORS' AND TRADERS' INDEX NUMBERS OF SECURITY PRICES

1926 = 100

"Investors'" and "Traders'" weighted index numbers of security prices, computed by the Dominion Bureau of Statistics on the base 1926=100, were as follows for the week ending July 14th.

The "Investors'" index of industrial common stocks was 49.1 for the week ending July 14th, as compared with 46.7 for the previous week.

The "Traders'" index of prices of the twenty-five best selling industrial and public utility common stocks on the Montreal and Toronto Exchanges was 301.3 for the week ending July 14th, as compared with 268.6 for the previous week.

The "Investors'" index of domestic utility common stocks was 36.0 for the week ending July 14th, as compared with 34.0 for the previous week.

The "Investors'" index of common stocks of companies located abroad in which Canadians are heavily interested was 44.0 for the week ending July 14th, as compared with 43.1 for the previous week.

The "Investors'" index for all three groups of common stocks combined was 43.6 for the week ending July 14th, as compared with 41.6 for the previous week.

Average weekly prices were higher for twenty-one, unchanged for one and lower for three of the twenty-five stocks included in the Traders' Index. Consolidated Mining and Smelting rose from \$38.2 to \$51.7, Montreal Light, Heat and Power from \$27.3 to \$30.2, Shawinigan from \$10.3 to \$12.1, Canada Cement from \$2.5 to \$4.5, National Breweries from \$13.1 to \$14.3, British Columbia Power "A" from \$17.6 to \$18.7, Dominion Bridge from \$9.8 to \$12.8, International Nickel from \$5.3 to \$5.7, Canadian Dredge and Dry Dock from \$8.2 to \$11.7 and C.P.R. from \$10.9 to \$11.3. Bell Telephone fell from \$78.3 to \$77.4 and Ford "A" from \$7.6 to \$7.1.

Sales were higher for nineteen and lower for six stocks. Montreal Light, Heat and Power mounted from 4,900 to 10,200, Consolidated Mining and Smelting from 2,300 to 5,000, British Columbia Power "A" from 1,700 to 5,800, National Breweries from 1,900 to 6,000, McColl-Frontenac Oil from 300 to 2,400, Canada Cement from 200 to 4,700, Canadian Dredge and Dry Dock from 35 to 1,300, and Steel of Canada from 300 to 1,100. Brazilian declined from 6,800 to 3,600 and C.P.R. from 7,400 to 6,700.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price each week and who turns over his investments every week.

Weekly figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

x Revised index figures.

/ Weekly figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

¹ Revised index figures.

² Weekly figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who holds a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of each week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions, both incoming and outgoing, to ensure transparency and accountability. It emphasizes the need for regular audits and the use of standardized accounting practices.

2. The second part outlines the various methods used to collect and analyze financial data, including direct observation, interviews, and the use of statistical models. It highlights the challenges associated with data collection in different contexts and provides recommendations for improving the quality of the data.

3. The third part focuses on the interpretation of the results and the drawing of conclusions. It discusses the limitations of the study and the potential biases that may have influenced the findings. It also suggests areas for further research and the implications of the results for policy-making.

4. Finally, the document concludes by summarizing the key findings and reiterating the importance of rigorous research methods in understanding complex social phenomena. It expresses hope that the insights gained from this study will contribute to a better understanding of the issues at hand.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price the week and who turns over his investments every week.

VALUE INDEX OF STOCKS TRADED

A new index of the value of stocks traded, appears in this bulletin, which indicates changes in the total value of the twenty-five best selling stocks traded on the Montreal and Toronto Exchanges. It replaces an index of values, which was dropped some time ago due to a marked bias which developed during the prolonged decline in security prices. The new index, being calculated from a fixed base, does not possess this bias.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average of the week and who turns over his investments every week.

Revised index figures

7 Weekly figures.

note:- The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.
The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week. (x Revised index figures. / Weekly figures)

1926 = 100

Note:- The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price the week and who turns over his investments every week.

Revised index figures. 7 Weekly figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Revised index figures. + Weekly figures.

1926-100

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

INVESTORS' AND TRADERS' INDEX NUMBERS OF SECURITY PRICES
1926=100

"Investors'" and "Traders'" weighted index numbers of security prices, computed by the Dominion Bureau of Statistics on the base 1926=100, were as follows for the week ending June 1st.

The "Investors'" index of industrial common stocks was 81.3 for the week ending June 1st, as compared with 76.8 for the previous week.

The "Traders'" index of prices of the twenty-five best selling industrial and public utility common stocks on the Montreal and Toronto Exchanges was 676.5 for the week ending June 1st, as compared with 593.8 for the previous week.

The "Investors'" index of domestic utility common stocks was 44.3 for the week ending June 1st, as compared with 41.1 for the previous week.

The "Investors'" index of common stocks of companies located abroad in which Canadians are heavily interested was 57.3 for the week ending June 1st, as compared with 5.7 for the previous week.

The "Investors'" index for all three groups of common stocks combined was 2.4 for the week ending June 1st, as compared with 59.0 for the previous week.

Average weekly prices were higher for all of the twenty-five stocks included in the Traders' Index. Consolidated Mining and Smelting rose from \$101.2 to \$121.2, Alkars from \$14.4 to \$18.8, International Nickel from \$15.6 to \$17.0, Brazilian from \$12.8 to \$13.8, C.P.R. from \$14.8 to \$16.6, Canada Cement from \$5.3 to \$6.7, Montreal Light, Heat and Power from \$33.8 to \$36.2, Canadian Industrial Alcohol "A" from \$4.4 to \$5.1, Dominion Bridge from \$22.4 to \$24.8, Shawinigan from \$13.2 to \$14.3, National Steel Car from \$10.6 to \$13.3 and Ford "A" from \$9.9 to \$11.3.

Sales were higher for twenty-four and lower for one stock. Consolidated Mining and Smelting mounted from 4,400 to 23,500, International Nickel from 29,600 to 49,900, Brazilian from 31,800 to 99,200, C.P.R. from 9,200 to 51,200, Montreal Light, Heat and Power from 4,400 to 20,600, Dominion Textile from 57 to 3,500, Shawinigan from 1,600 to 20,500, Ogilvie from 72 to 1,000, Hollinger from 2,400 to 17,500, Dominion Bridge from 3,200 to 9,400 and Canadian Industrial Alcohol "A" from 9,600 to 37,900. Alkars declined from 65,000 to 59,800.

Purpose of Traders' and Investors' Index Numbers

The Traders' Index measures the trend of gains or losses for a trader on the
Cereal and Toronto Exchanges, who buys and sells the leading common stocks in the same
proportion as they are traded in the market as a whole at the mathematical average price
the week and who turns over his investments every week.

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use many different sources of information, such as books, documents, and artifacts, to help them understand the past. They also try to write about the past in a way that is interesting and informative for other people.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Revised index figures. Weekly figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the same proportion as they are traded in the market as a whole at the mathematical average price of the week and who turns over his investments every week.

INDEX NUMBERS OF WHOLESALE PRICES, JULY, 1933. (PRELIMINARY)

The Dominion Bureau of Statistics index number of wholesale prices on the base 1926=100, again advanced, moving up from 67.6 in June, to 70.5 in July. 156 quotations were higher, 41 were lower, while 305 remained unchanged.

Vegetable Products rose from 61.7 to 69.8, due chiefly to gains for wheat, oats, rye, barley, flax, flour, oatmeal, bran and shorts. Animals and Their Products changed from 58.6 to 59.6, advances for furs, hides, leather, hogs, butter and eggs, influencing the index more than declines for steers, calves, lambs and fresh meats. Textiles and Textile Products were 70.6 in July, as against 70.0 a month earlier, gains for raw cotton, cotton yarn, raw wool, worsted yarn and raw flax more than offsetting a slight decline for raw silk. Wood, Wood Products and Paper moved up from 62.0 to 62.9, chiefly because of higher quotations for spruce, fir and cedar lumber. Iron and Its Products remained unchanged at 84.2, minor gains for hardware and scrap being insufficient to influence the index. Non-Ferrous Metals and Their Products advanced from 68.0 to 69.9 chiefly on account of better prices for antimony, copper, lead, tin and zinc. Non-Metallic Minerals and Their Products advanced one point to 81.6 gains for anthracite coal, outweighing losses for domestic coal and sulphur. Chemicals and Allied Products were also higher at 81.4, as compared with 81.2 in June. Iron, copper sulphate, red lead, citric and tartaric acids moved upward, while zinc oxide and lithopone declined.

Figure 1 illustrates the experimental setup. A participant is seated at a table, looking at a video screen. A video camera is positioned above the screen to record movements. A light source is positioned to the left of the screen. A target is positioned on the screen. The participant's hand is positioned near the target. The diagram shows the spatial arrangement of the subject, screen, camera, light source, and target.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who buys a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole at the mathematical average of the week and who turns over his investments every week.

Purpose of Traders' and Investors' Index Numbers

The Investors' Index Numbers measure the trend of values for the investor who has a fixed list of stocks and holds them over a long period.

The Traders' Index measures the trend of gains or losses for a trader on the Montreal and Toronto Exchanges, who buys and sells the leading common stocks in the proportion as they are traded in the market as a whole at the mathematical average of the week and who turns over his investments every week.

Divided index figures.

/ Weekly figures.

Note: The Investors' Index measures the trend of values for the Investor who buys a fixed list of stocks and holds them over a long period.
